

vermont table
COMPANY

At Vermont Table Company,
we understand how important it is to pause, take a look around and

recognize life's big and small moments.

We specialize in unique recognition gifts that celebrate a meaningful event, honor a professional milestone, or show thoughtful appreciation for a job well done. Our signature offering is a classic handcrafted cherry end table with a stone inlay featuring a personalized engraving. We take pride in the superior quality of our

materials and craftsmanship. Our tables start in the forest and mountainside, come together in our East Burke woodshop, and are then shipped directly to our client's doorstep. By embracing the natural beauty of wood and stone, our tables stand out in the crowd, while standing the test of time.

Doug Clarner in his East Burke, Vermont woodshop. After graduating from Middlebury College, Doug settled in the rural Northeast Kingdom of Vermont where he has been handcrafting furniture in the barn beside his home for close to two decades.

Handcrafted. Customized. Distinctive.

Our tables are functional and beautiful, intended for daily use, to be passed on for generations. Vermont Table Company tables are right at home, in every home.

vermont table COMPANY

Nestled in East Burke, Vermont

Vermont Table Company thrives within a bustling small village. We believe in the strength of local community and our business supports a sustainable cottage industry of artisan table builders. As part of a landscape of working farms, wild woodland, and turning seasons, we find daily inspiration in the beauty of our pastoral setting.
